Wisconsin also could have a psychological effect in other states where the junior Massachusetts Senator is to place his prestige on the line in pop-

ular primaries.

Kennedy will be favored over Humphrey in Wisconsin. Polls which have been made in the Badger State show Kennedy running ahead. Nevertheless, a great element of risk confronts Kennedy, for a de-feat in Wisconsin would slow down his campaign and sharply lessen his chances.

That's why Kennedy will billty to ton, and pay so much attention to Wischildren. consin during the coming month. His victory next Tuesday in New Hampshire will be pretty much taken for granted.

Washington experts believe, incidentally, that the one factor which will militate most strongly against Kennedy, both in the popular primaries in the states where voters may be seeing him for the first time, and in next autumn's election, if he gains the nomination, is his youthful appearance.

There is some speculation in Washington as to how Demoeratic admirers of the late Sen-ator Joseph McCarthy will split between Kennedy and Humphrey in Wisconsin.

Humphrey voted to censure McCarthy back in 1955. Kennedy was in the hospital when the censure vote was taken in the U.S. Senate. He later asbeen in the Senate at the time

Sermon Reveals God's Power Is Man's Strength

How the power of God brings man protection and strength will be brought out in the lesson-sermon entitled "Man" which will be read at Christian Science services this Sunday.

The spiritual relationship of God and the man of His creating will be emphasized in the scriptural readings which in-clude this verse: "The Lord is my light and my salvation; whom shall I fear? the Lord is the strength of my life; of whom shall I be afraid?" (Psalms 27:1).

Among the correlative pas-sages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following: "Nothing but the power of Truth can prevent the fear of error, and prove man' dominion over error" (380:19).

The golden text is from Genesis (1:27): "God created man in his own image, in the image of God created he him."

other communities which would be affected by a cessation of service will file a similar application.

In his original appeal, asking that the action of the Department of Public Utilities be reversed by the Supreme Court, City Solicitor Jones maintained that the D.P.U. order was not supported by the evidence.

He said this applied to the financial situation, to the use of the commuter trains and to the adequacy of other means of transportation which would be available to the commuters now using the trains.

A major problem would be created for an estimated 1200 Newton residents, who now use the B. & A. trains to reach their places of employment in downtown Boston, if the trains were allowed to stop running

Figures presented at the D.P.U. hearings showed that 6,000 passengers a day ride on the trains which would be stopped and that more than 2,300 of them board or leave the trains in Newton.

Allowing for the fact that most of the pasengers make two trips per day, traveling to Boston in the morning and home at night, the number of commuters would be at least in the vicinity of 1,200 daily.

City Solicitor Jones, in filing his rekuest for a restraining order to block the cessation of service April 1, said that if the service were discontinued it would be highly difficult to build up enough patronage to make the resumption of operations feasible.

He declared if his petition is granted, he will submit a plan calling for the continued operation of some of the trains now scheduled to make their last runs March 31.

Conference For Engaged

Engaged couples, including those influenced by Leap Year, will benefit from a series of conferences that will begin this Sunday afternoon, March 6. at 2 o'clock at Corpus Chris-

ti Church, Auburndale. Rev. Robert W. McNeill, Newton Deanery director of Cana and Pre Cana, will conduct the conference. Host for the event will be Rev. John L. Johnson, pastor of Corpus Christi parish.

The series will be conducted as follows: The first and fourth conferences will be given by Fr. McNeill on March 6 and 20 at 2 p.m.

The second meeting will be on Sunday, March 13, at 2 p.m. with a married couples panel leading the discussion of pros and cons in married life.

On Wednesday, March 16, at 8 p.m. a doctor will treat of the many medical questions posed by the engaged couples. All conferences will be in Corpus Christi lower church. There is no admission charge or registration fee.

At the closing conference Fr. McNeill will award Pre Cana certificates to the couples who have made the four conferences. Cards for Papal Blessings from Rome will also be distributed.

Benediction of the Most Blessed Sacrament will be held in the upper church together with the engagement ring blessing.

This program is under the sponsorship of Richard Car-dinal Cushing in conjunction with the Catholic Family Life attempt by the branch to set Apostolate of the Archdiocese

Concert Group Plans Drive For Membership

The Detroit Symphony Or-chestra, under the baton of Paul Paray, will highlight the 1961 series being arranged by the board of directors of the Newton Community Concerts Association.

This famed group will be followed by the world-renowned Chilean pianist, Claudio Arrau, Other artists will be chosen on April 9, after the close of the membership drive.

Vice president in charge of membership is Mrs. J. Leslie Sweetnam, who has accepted this assignment for the fourth year. Over 100 workers from all parts of the city are needed as a volunteer staff to complete the membership list between April 4 and 9.

Anyone wishing to help may call Mrs. Sweetnam at LA 7-4968. Or they may contact their village chairmen:

Mrs. Robert L. Daniels of West Newton, Mrs. Champe A. Fisher, Oak Hill Village; Mrs. Albert Genaske of Newton Highlands; Mrs. Samuel Horovitz, Oak Hill; Mrs. Albert Kreider, West Newton; Mrs. Paul H. 3 Big Issues Face State Legislature

State Legislature

With the sales tax issue dead for this year, three big battles remain to be fought on Beacon Hill during the 1960 legislative session.

One will be on Governor Furcolo's proposed billion dollar program for the expansion and improvement of the State's highway system.

The second will be waged over the Governor's recommendation that a constitutional convention be called for the purpose of revising the State Convention to a convention to a

tain a two-third vote in order to secure the passage of the bond issue needed to finance the program.

That means he must mar-GOP support in an election year is a question only time will answer.

While Furcolo has a problem in that regard, the GOP lawmakers who are reluctant to support his program may also have one, for a vote against

mendation for a State telephone tax seems to be headed for the scrap heap, although its defeat will be maneuvered in a roundahout way, and in the end it Good location, short hours; \$6500. may not provoke much of a

Then the Legislature will firmly apply the axe to the suggested telephone tax on the ground that it is not needed to balance the budget. The Governor's recommenda-

tion for a State constitutional convention has only a slim chance of adoption.

If a vote were taken on the matter at the present time, it would be rejected. Governor Furcolo undoubtedly will endeavor to line up a greater number of legislators in support of the idea. It is improbable, however, that he will be able to swing enough votes to turn the tide on that question.

Fire Laddies Work Double

Thirteen fire calls were handled during the record storm period according to the report of Chief Frederick Perkins which disclosed that 179 fire fighters worked a total of 2,973 extra man hours during the weekend.

Fifty men were detailed to shovel out hydrants and this paid dividends Saturday at 3 a.m. when a serious dwelling fire drove five persons to the street from 47 Kenmore St., Newton. The hydrants had been uncovered Friday night.

Chief Perkins reported that although not called upon to do so, the fire de partment was prepared to shelter and feed any persons stranded by the storm,

Fluoridation was the subject of two talks given at the annual dinner meeting of the Newton-Wellesley Dental Society held last Tuesday at the Pillar House.

Dr. Thomas F. A. Plaut of 85 Montvale Rd., Newton Centre, instructor in mental health at the Harvard School of Public Health, spoke on aspects of community education as related to water fluoridation. He discussed water fluoridation as the best means of safely reducing dental decay.

Numerous studies, Dr. Plaut said, have shown that two out of three cavities may be prevented when flouride is avail-able at the proper concentration in drinking water.

While a good many persons may not agree with all the stands the organization has taken on controversial issues, the fact remains that it has been a force

for great good in Newton. At various times ex-Mayor Howard Whitmore, Jr., School Committee Chairman Haskell C. Freedman, members of the Board of Aldermen and other public leaders have paid high tribute to the work done by the Taxpayers' Association and its contribution to better government in the city.

The association can point with justifiable pride to the fact that its work has helped to make possible sub-

stantial savings for the taxpayers of Newton.

Obviously, the Newton Taxpayers' Association cannot function without public support. It is equally obvious that the greater its strength, the greater will be its influence. Its membership drive is deserving of with experience and training, with educational backgrounds

Whom Do You Work For?

Whom do you work for—and why do you work?
The obvious answer, of course, is that you work
for your employer or for yourself, and that the reason

you work is to provide the wherewithal of living. However, that answer is an oversimplification nowadays. If you are an average citizen, more than a quarter of your 8-hour working is done on behalf of government. In essence, government is your employer during that period, and takes all of your earnings.

Here are the figures, as issued by the Tax Foundation. Taxes take 2 hours and 16 minutes of your working time each day. By way of contrast, food and tobacco together demand only 1 hour and 28 minutes, household and household operations 1 hour and 24 minutes, and so on down the list.

If you think that taxation and government spending aren't of top importance to you and your family,

About Library Wages The Editor.

The Newton Graphic Dear Sir

What kind of a salary scale does Newton have for the Librarians in its Public Library? As an interested patron and taxpayer, I have been trying to find out, with very little success. Is there something hush-hush about it? After all,

this is public business of the City of Newton.

WASHINGTON, March 9-A disgraceful spectacle is taking place in the Senate which must make American look ridiculous in the eyes of the world—the filibuster to hold up legislation which seeks to protect the constitu-tionall rights of American citizens—the civil rights bills.

How can this happen? The conduct of debate in a legislative body is governed by the rules of that body. Usually those rules provide effective means for confining debate to matters germane to the issues under debate, in other words, an effective rule for closing debate.

It was found in practice that there were loopholes and methods of evasion which indicated a need of better enforcement methods. So it is now proposed that courts, in addition to granting an injunction, may

With the television trend toward more and more situation comedies it was only a matter of time before a program like "The Flagstones" appeared on the video horizon. Its creators, Hanna-Barbera Productions, who have given us such gems as "Tom and Jerry", "Ruckleberry Hound", and "Quick Draw Mc-Graw", have tackled the family situation from a delightful new angle. Instead of the same, tired contemporary format, "The Flag, stones" are a group of nice folks who live back at the dawn of history. Prehistorically speaking, these refreshing cartoon characters comprise a "typical" family with modern speech and customs, back when Junior borrowed the family pterodacty for his Saturday date. Their pressures and pleasures are exactly like ours, but setting them cons ago provides a bright backdrop for the satirical treatment of modern suburbla this series will present.

ABC-TV, which will air the program this winter, assures us that "The Flagstones" will keep the same flavor as those shows just mentioned meaning Hanna-Barbera has produced another shining star that will offer fun for the kids, as well as the same charming wit and social satire for the adults that we got from Yosi Bear. Food Fair On Friday To Aid Fibrosis Fund

The International Food Fair. sponsored by the Newton branch for Cystic Fibrosis Research, will be held at Filene's at Chestnut Hill, tomorrow, Friday, from 9 a.m. to 9 p.m., according to the announce-ment from Mrs. Sumner Tye, chairman of the fair, and vice-president of the research or-

ganization.

As the result of the efforts of Mrs. Elliot Englander of Oak Hill and her Telephone Committee's diligence, the many members of the Newton Branch of C. F. have been contacted; and have been assured that each member will be preparing her particular special-

ty.

The difficult job of packing and pricing items for the sale will take place at the home of Mrs. Myron Atlas of Chestnut

Mrs. Tye stated that should purchasers of food fair items desire the recipes, they are available through her for just nominal donation.

Proceeds of this sale will be used to continue the necessary research for a cure of that dread disease, Cystic Fibrosis, which affects more than seven thousand new-born children each year.

Mr. and Mrs. Big

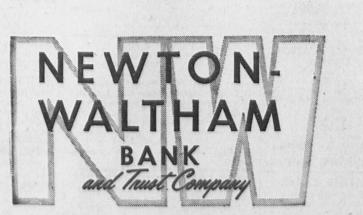

That is what you are to all of us at any of the 19 Centers of Community Service, the office of the Newton-Waltham Bank and Trust Company.

Perhaps you are new residents in the community and have come to transfer your banking connections.

Maybe you are newlyweds, opening your first joint savings or checking account, possibly applying for a mortgage loan for that first home.

You may be a couple who have resided in the community for many years and, although a customer of the bank for a long time, may wish to learn about one of the many banking services you have not used before.

Whichever your classification, whatever your need, you are "Mr. and Mrs. Big" to us! Our service to families in the community has been as important to us as any other phase of our complete operations.

Newton Schools To Reach Peak Of Pupils In '69

Statistics prepared for the Newton School Department indicate that the city can expect its peak school popula-tion in 1969, but then the number of children will decline.

1969 the number of school children is expected to reach 19,176 compared to the present 17,066. By 1974 the school population may

drop to 18,429.

Newton's school population has been increasing since World War II. In 1950 it was slightly under 12,000.

'Vatican City' Lecture Given In Auburndale

"Vatican City" was the topic of an illustrated lecture by Rev. John L. Johnson, S.T.L. P.P. The lecture, sponsored by the Corpus Christi Guild, took place in the Church Auditor ium 8:30 Wednesday evening

Father Johnson, pastor of Corpus Christi Church, received his Licentiate in Sacred Theology from the Propagan-da University while a student at The North American Col lege in Rome. The slides shown were taken on his re cent trip to Rome to partici pate in the Centennial celebra tion of the The North Ameri

can College.

It was at this meeting, attended by three American Cardinals, scores of Archbishops and Bishops, and hundreds of priests that Pope John XXIII gave his first address in Eng-lish. Father Johnson was lat er among the Boston clergy received in special audience by the Holy Father. These experiences were recounted by Father Johnson at Wednesday's

lecture.
A brief business meeting with Mrs. Howley, president, presiding, preceded Father Johnson's address.

SCHOOL HEAD

\$15,000 Salary Set For 35-Year Old Educator

Dr. Charles E. Brown will succeed Eric N. Den-

nard as superintendent of Newton public schools. He will be one of the youngest and possibly the youngest school superintendent in the city's history. He is 35 years old.

His appointment was unanimously approved by the School Committee on Monday night.

Dr. Brown, who will assume the direction of the Newton public school system on July 1, will receive a salary of \$15,000 a year.

The newly selected superintendent has been associated with Newton schools since 1954 and has been assistant superintendent since last December.

In his high school days

Brown was so outstanding as a baseball pitcher that he received a tryout with the New York Yankees following his graduation.

His baseball career ended. however, when he injured his arm during a game in the Philippines while serving in the army in World War II.

An enthusiastic sports follower, Dr. Brown coached the Newton Junior High School hockey team for two years and also was assistant coach of the senior high school hockey team.

In 1958 Dr. Brown was chosen as Young Man of the Year by the Newton Junior Chamber of Commerce.

He came to Newton as a mathematics and science teacher at the Day Junior High School in 1954, a capacity in which he served for two and a half years.

In response to a letter appearing in the Newton Graphic this had upon the library's last week, Mrs. George Brewallity to attract qualified professional personnel as well as the Elbrary Board of Trustees, made the following statement in regard to salaries in the City.

The board had consemble to a letter appearing in the Newton Graphic this had upon the library's plan.

The survey report, together with recommendations for reclassifying and upgrading library positions was adopted recently by the board. The library branched to the positions and salary plan.

His wife also taught in the high school at that time.

In February, 1957, Dr. Brown was made administrative assistant at school head quarters. He became assistant to the superintendent in September, 1958, and last December was promoted to the position of this committee.

President LeBlanc said the formation of this committee to the position of assistant superintendent at a salary of \$11,000 a year. He superintendent at a salary of \$11,000 a year. He superintendent at a salary of \$11,000 a year.

The Newton Fair Housing Practices Committee, which has been in existence for two years, has worked to achieve "open-occupancy" in Newton, the practice of making housing available without restriction based on race, religion, or national origin. The committee has held public forums, pre-sented speakers before New-ton organizations, and recently sponsored an advertisement signed by over 600 persons affirming fair housing practices.

The committee has handled 41 inquiries from Negroes who are looking for homes in the suburbs. So far, however, few of them have been able to find suitable housing in Newton within their price range.

"Such irresponsible propos-als as that of Cong. Williams do not take into account the financial resources required to move to a suburban area," the Committee heads said.

"Such a wholesale move-ment would also create the danger of new ghettos wher-ever these people might settle.

This request was denied on the grounds that the Mayor did not wish to de-part from his position, pre-viously announced, of grant-ing no position upgradings at this time. The Mayor also felt that there was no dis-satisfaction on the part of Newton's citizens with the present library situation.

In summary these are some of the findings of the survey Rev. Callahan will discuss, "Laborers Together With God," Mr. Callahan is Minisupon which the Library Board's recommendations are based. SALARIES: Newton's salaries for professional librathe council, will be the chairman of the dinner. PERSONNEL: These low salaries make it practically im-possible to recruit qualified librarians. Over the years it has been necessary to replace trained librarians who have retired or who have left for better salaried positions with personnel who lack adequate training and education. Today there are twenty-five librarians in various professional posi-tions in the Library.

Only eight of these meet full minimum professional qualifications. Existing studies of the nature of library tasks indicate that the professional staff of a typical public library should number approximately thirty-three percent of all library personnel.

This survey revealed that

in Newton only 7.6% of the staff has professional qualifications. The report on person-nel concluded that during the past twenty years Newton's potential for giving the kind of library service required by a city with its educational and cultural standards had declined in the face of increasing demands for more service and for higher standards of serv-

Mrs. Brewer indicated that the Board of Library Trustees was well aware of the high regard which Newton citizens had for their institutions of education and that the Board welcomed their interest and assistance in promoting better library salaries and service.

Dr. Brown graduated from Springfield College with a bachelor of science degree in 1950, received his master's degree in education at Harvard University in 1952 and his doctor's degree in education at Harvard in 1955.

Regarded as one of the outstanding young educators in the nation and picked by the School Committee from a long list of possible choices, Dr. Brown told The Graphic that he considers the Newton school superintendency a great opportunity and chal-

matters relating to the edu-cation of Newton youth, Brown's pet hobbies are freshwater fishing and golfing.

He golfs in the high 80's and when he can get away from Newton on a vacation he usually heads for lakes in Maine where the fishing is good. He is an avid fisherman.

While he follows baseball with keen interest, his favorite team is the Detroit Tigers, not the Red Sox. It seems that he became attached to the Tigers when they were playing the St. Louis Cardinals in the 1934 World Series, and he has been rooting for them ever since.

His main interest at the mo-ment, however, is the chal-lenge which will be offered him in the position he will assume three and a half months from now as super-intendent of schools.

'Tis St. Patrick's Day Again

This nation, yes, and a good deal of the free world pauses today, dons a bit of green or a sprig of shamrock, and joins with Irishmen, and their descendants, everywhere, in honoring the good St. Patrick. The Irish race shares in the acclaim paid the militant apostle.

There are few lands on our earth that have not felt the impact of Irishmen, as the sons of the Ould Sod scattered to the four winds, over the centuries. They have worn with distinction the uniforms of the armies of a dozen nations; monuments to their fighting prowess Falls. stand proudly in both the Americas, in Europe, Asia,

They have contributed brilliantly to the arts and sciences, and have risen to seats of power in the governments of their adopted countries; and to positions of eminence in the Church dedicated to the faith of

The history of the Irish in the United States has a depth and devotion to ideals of which all Irishmen however far removed from the Emerald Isle, are proud. It runs the gamut gloriously from pre-Colonial times through all the decades to the present day.

Many ancient peoples have left their imprint on the Irish race; across the backdrop of Irish history march the Celts, Vikings, Normans and the Roman legions of Caesar. Their blood flows in Irish veins, their deeds are woven deeply into the tapestry of Irish tradition. Venerable castles dot the Irish countryside to mark their passing.

Characteristic of the Irish, and remembered by them today, is the deep, inbred faith implanted in the pagan hearts of their forebears in the dim distance of the Fifth Century by St. Patrick.

Venerated and revered since that far away time, the apostle of the Irish stands today a beloved figure whose stature as man and priest has been enhanced by the years. Because of all this, the Irish proudly "Wear the Green" around the world today. 'Tis St. Patrick's Day again and a wonderful day to be Irish.

Legend Of The Shamrock

Long ago, when Ireland was the land of the Druids, there was a great Bishop, Patrick by name, who came to teach the Word of God throughout the country. This Saint, for indeed he was a saint, was well-loved everywhere he went. One day, however, a group of his followers came to him and admitted that it was difficult for them to believe in the doctrine of the Holy Trinity.

Saint Patrick reflected a moment and then, stooping down, he plucked a leaf from the Shamrock and held it before them, bidding them to behold the living example of "three-in-one." The simple beauty of this explanation convinced these skeptics, and from that day the Shamrock has been revered throughout Ireland.

Today, on the 17th of March, wherever true Sons of Erin gather, the Shamrock is proudly worn as a symbol of the faith that is . . . IRELAND.

Essentially the program calls for debt and tax rate atabilization made possible by valuation growth and without putting an undue burden on the taxpayers.

It calls upon all the elements in Newton governments — the mayor, alderschool committeemen. legislators and county commissioners — to adopt con-certed policiees to carry out some "total" program such as the Association offers.

"Newton doesn't need new gorous and unified action by employing all the talents of Newton's various governmental elements in some kind of agreed upon comprehensive attack on the city's problems in order to take care of not only the city's service and growth needs, but also to absorb the effects of inflation in the general economy whether that in-

Just think of it! This exciting new Philco Duomatic washes and dries a full family-size load in one continuous operation. And all it takes of your time is two minutes - one to put in the soiled clothes - another to remove them when they're dried. No more watching and waiting to transfer clothes from washer to dryer - both big jobs are done automatically and without interruption in this Philco Duomatic washerdryer combination. Clothes are washed by special tangle-free tumbling action for better penetration of water and resultant cleaner wash. During the final minutes of the drying period, an automatic de-wrinkling cycle takes over - and clothes come out fluffy-fresh, sweet-smelling and soft - many ready to put away with no ironing. Another good feature: this Philco Duomatic takes up no more room than a washer or a dryer alone. Best of all, it costs less than two separate units normally do!

Good thing we changed to a water heater!"

we get all the hot water we need . . faster and cheaper!"

Today, your family uses 3 times as much hot water as the average family did a generation ago. Why? Largely because of increased use of modern showers, laundry and dishwashing equipment. If you're using a slow water heater that can't meet your increased needs, you're robbing your family of convenience and comfort. family of convenience and comfort.

Gas leads the field for fast water heating. Such a fast-replacement rate that it can even supply enough hot water for repeat-load operation of an automatic clothes washer. And it's 24-hour convenient . . . always ready when you need it. Also, because Gas is so fast you can use a smaller tank than is necessary with other automatic methods. Jewish Appeal of Greater Boston which was launched aus-

The Potterbys had lots of relatives — the "just happened to be passing" type. Only trouble was — it happened every Sunday and just at the right time . . . dinner time!

"Brace yourself my dear", Mr. Potterby would say. "Here it they come!" Smiling through clenched teeth, Mrs. Potterby would usher chattering Aunt Min into the kitchen, while Mr. Potterby, staggering from a playful slap on the back listened to Uncle Ned's tired jokes.

After they had gone, Mr. Potterby said, "This is the last straw — I'm putting my foot down!" (And he did — right it through the floor. This didn't help matters much because it took him a half an hour to work his foot free.)

Ever since, the Potterbys have their Sunday dinners at the Charterhouse Motor Hotel—and love every minute of it. No hard feelings, either. The Potterbys' relatives have heard about Charterhouse, too, and soon they're all going to have a party in the Terrace Room — all 150 of them.

Now, perhaps, your Sundays aren't quite like the Potterbys. But you'll enjoy dining at the Charterhouse, any time. It's so nice for a change.

Dr. Ferre Will Be Speaker At Lenten Service

Dr. Nels F. S. Ferre, pro-fessor of Christian theology at Andover-Newton Theological School, will be the guest speaker Wednesday evening, March 23, at 8 p.m. at the Newton Centre Union Lenten Service held at the Methodist Church in Newton Centre. The service will be the fourth in a series of weekly union programs being sponsored by the Congregational, Baptist, Episcopal, and Methodist Churches in the Centre.

Dr. Ferre first started his teaching career at Andover-Newton in 1937 and remained there until 1950. From 1950 to 1957 he was professor of philosophical theology at Van-derbilt University. For one year he served as a visiting professor at Oxford University, England, and then returned to accept the Abbot professorship of Christian theology in Newton in 1957. In the course of the years

he has published fifteen books and has written numerous articles for religious and secu-lar magazines. In 1950 he received a Carnegie Grant to do special research in the relation between the historical doctrine of God and contemporary pro-cess philosophy. He is a member of the National Council on Religion in Higher Education, the American Theological Society, of which he was president in 1957, and the American

Philosophical Society.

The pastors of the four churches share in conducting the order of worship each Wednesday evening. The choir is composed of members of the choirs of the four participating churches. Miss Marion C. Greene, organist-director for the Methodist Church, is their leader. The general public is cordially invited to attend the weekly services.

Newton Firemen Praised by Head Of Hugo Pontiac

An expression of thanks to Newton firefighters for their work in boarding up the show window of the Hugo Pontiac, Inc., at 714-720 Beacon St., Newton Centre, after it had been broken by a snow plow, was made this week by Hugo Separini of the company in a letter to Fire Chief Frederick A. Perkins, Jr.

In his Communication to Chief Perkins, Mr. Separini stated:

"Too many times too many things are taken for granted, and, as the years seem to pass by we forget the primary teachings of our parents, that of the courtesy to say, "thank you". "The efficient way in which

you and your department boarded up my showroom window, after a mishap with a city snow plow, at a time when traffic was at a standstill, is more than appreciated on my part.

"Kindly convey my thanks and appreciation to your assistant chief and to your men on a job well done. "Again, my sincere "Thanks"

to you, personally."

C. Jewel Co., 314 Walnut St., Newtonville. The display was in an outside case.

Last Wednesday night Sal vatore Balliro, 59, father of five and grandfather of 15, reported he "talked out" a youth bent on robbing him in his grocery store at 3167 Washington St., Jamaica Plain.

With tears streaming down his face after the lec-ture, the youth left the store, Balliro said, with a promise never to do anything wrong again.

The promise was short liv-

ed, however, because the Pharmacy was held up the following night,

Hamilton also was quoted as saying he was the youth who threatened an elderly woman, Mrs. Nona M. Cass, 72, owner of the Pottery Shop at 71 Elmwood St., Newton. Despite the threat, Mrs. Cass refused to yield her money and warned the youth that someone was working in the back of the store, and he fled.

She said the thug brandished a straight razor and had his face covered with a ban-danna handkerchief.

me that's the big issue."

Early in the winter, Gibbs submitted his resignation to Republican Senate Leader Fred I. Lamson. At that time it was believed that Democratic chieftains were dropping all plans for revising the senatorial districts.

Upon checking into the mat-ter, however, Lamson learned that Democratic strategists had changed their minds and were working on a new plan for making over the senatorial districts. How Newton would be affected by that scheme is not known.

As a result Lamson held up

Gibbs' resignation and did not submit it.

Mayor Gibbs, in turning down the sharply phrased ADA request, stressed that he considered the proposal for divid-ing Newton into two senatorial districts of great concern to Garden City residents.

Sometimes we just don't give enough credit to our teenase youth. Besides inventing new languages, they are very active in many other fields. The Lennon Sisters—Dianne 19. Peggy 18, Kathy 16, and Janet 13 — were discovered in the fall of '55 by a 16-year-old "talent scout." It happened this way. Lawrence Welk, Jr. (now 20) sometimes dated Dianne Lennon and was a frequent guest at the full-of-music home of the Lennon family. One evening, as Larry was activing Dianne home following an Elk's Club dance, he suggested that the girls audition for his dad. Dianne agreed and Larry talked the dad over with Welk. The elder Lawrence was not enthusiastic and the subject was temporarily dropped.

Lawrence was not enthusiastic and the subject was temporarily dropped.

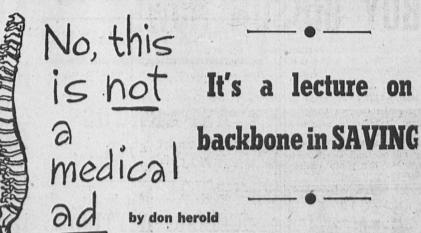

Then one rainy December afternoon a few months later, when the Champasne Music Maker was laid up with a cold, Larry brought all four girls to the house and presented them to his father. Trapped, Lawrence, Sr., had to listen, and he was charmed by what he heard. Two weeks later, on Christmas Eve, (1955) the girls made their network debut on "The Lawrence Welk Show" singing "Mickey Mouse Mambo" and "HI To You." The mail response convinced Welk that he (and son Larry) had found an appealing act, and the girls were spotted on several other shows until eventually Welk signed them as regular members of his organization. "Nellie-Bell" Makes Mute Appeal For Aid To Needy Refugee Family

Family Picnic. There will be "helfer" officially named a display of the students' "Nellie-Bell" by secret ballot work in the classrooms, and has been created by the talented youngsters of the Central Congregational Church, of Newton, to call attention to their money-raising campaign to purchase a real, live, honestto-goodness heifer to be ship-ped to a worthy refugee fami-

ly in West Germany.

The Newton campaign is aligned with World Refugee
Year and is part of a great crusade maugurated by the Massachusetts Congregational Conference to supply these means of a better livelihood for less fortunate Europeans. The Rev. Walter Davis, minister of the Newton church, gave considerable physical, as well as moral, support to the enterprise. He fashioned the wooden sawhorse which provided the foundation upon which the youngsters constructed "Nel-

The women of the church applied the wire frame, the children of the Church School affixed the papier - mache "skin" and the "heifer" was colored and completed with a life-like rope tail. A cow-bell and eye-lashes brought the creation almost to life. Mrs. Henry Hassell and Mrs.

Barbara Learoyd headed the committee of juniors who

launched the project.

The sum of approximately \$250 is expected to be raised by April 10th; a pure-bred heifer will be purchased at a Bridgewater farm and will be shipped overseas by cattle

A needy refugee family in West Germany will receive the animal, and promises that its first-born calf will in turn be given to another worthy family, thus forging a chain of good-will and assistance.
The Rev. Davis in discussing the unique project, cheerfully entered into by the children and women of his church, pointed out that the

The idea of building a model "heifer" was hit upon in order to dramatize the idea behind the cause of supplying the animals for the needy

The Rev. Davis characterizes the Europe-bound heifer as a "most unique good-will am-bassador."

the Newton schools in July, explained the new district lines of the Junior High Schools to the Parent-Teachers Association Council at a neeting last week at the old Peirce School. The major changes are

necessary, he said, because of overcrowding at the Day and Weeks Junior High Schools. The new 300-pupil addition at the Warren Junior High School will relieve the other two contiguous areas by the

new districting.

Miss Margaret South of
Newton High School explained the procedure followed in awarding the 29 scholarships given by various P.T.A.'s and ivic groups in Newton.

After a discussion between Miss South and Dean Gilbert McDonald of Northeastern University on the problems of scholarship aid a motion was made by the P.T.A. Israel Embassy Member Speaks Here March 29

Meron Medzini, a member of the staff of the Embassy of Israel in Washington, will be guest speaker Tuesday evening, March 29, at the "Israel Night" sponsored by Dr. Joshua Loth Liebman Chapter, B'nai B'rith, in the vestry of Temple Emanuel, Ward street, Newton. Mr. Medzini was born in

Jerusalem and served three years in the Israeli Army. He came to the United States in 1954, attended the College of the City of New York, did graduate work at Georgetown University and is presently studying for his doctorate at Harvard University.

Dr. Arthur Veaner, president of the lodge, will preside. George Adams is chairman of the program.

Newton Residents Head Drive For Hebrew Home

Four Newton residents head a campaign to raise \$2,500,000 to complete buildings for a new Hebrew Home for Aged in Jamaica Plain.

Harry Marks, President of the Home and a resident of 26 Nancy Road, has announced that Morris Borkum of 159 Ward Street, Newton Centre, will chair the Home Directors' Fund Raising Committee. Irving Usen of 45 Ledges Road, Chestnut Hill and Max Chernis of 6 Ellis Road, West Newton, will be Vice Chairmen of

Campaign. The Campaign will run officially from October 2-December 15 of this year, Total cost of the new Home, which will be located on 9½ acres at 1200 Centre Street in Jamaic Plain, will exceed \$5,250,000.

When completed, it will house 500 residents, and will be the largest and most mod-ern newly-built home for the aged in the United States.

Newton Teacher Plans School In Old Mansion

A teacher of special children in the Newton school system has purchased a 22-room mansion in Hcpkinton which he plans to convert into a school for handicapped children.

Vincent J. Arone, 38-year-old World War I bomber pilot and father of five, said he plans to expend the school from the summer camp type to one with year-round facilities. It is known as The Ledges.

The Hopkinton mansion is a replica of a Scottish castle and cost a million dollars when built in the early 1920's for Eben Sumner Draper, son of a former governor.

Arone, a graduate of Boston College and Boston University, gave up a flourishing dry cleaning business to enter the education field.

These scholarships are awarded annually on the basis of school records, recommendations, and the Competitive Examination results.

SPECIAL SCHOLARSHIPS. Candidates' records, recommendations from school officials, and test scores are considered for evidence of academic promise and strength of character. Financial need is an important factor in determining the awards.

ALL SCHOLARSHIPS

Successful candidates are allowed to hold scholarships throughout the school course, provided an average
B record and outstanding citizenship are maintained
each year. The students' records are reviewed at the
close of each semester.

Able and conscientious students who are preparing
for a leading college, university, scientific institution,
the United States Military Academy, the United States
Naval Academy, the Coast Guard Academy, the Maritime Academy, the United States Air Force Academy or
a special training school are encouraged to take these
scholarship examinations.

The following numbs are eligible:

The following pupils are eligible:

Pupils graduating this June from Grade VIII in a Grammar School.

Pupils completing this June Grade VIII in a Junior High School.

Pupils completing this June the work of Grade IX, X.

TRANSCRIPTS AND RECOMMENDATIONS

The Academy will obtain transcripts of school records and personal references upon registration for the examinations. Candidates should register at the earliest possible date to facilitate the processing of credentials.

REGISTRATION

Entrance and Scholarship examinations will be given at the same time.

Early Warning To Get April **Auto Sticker**

Registrar Clement A. Riley this week advised all Massachusetts motorists that "that time is here again"—the April periodic inspection of motor cars for 1960.

The official windshield sticker issued in April will be blue in color, and it will be a "blue day" on Sunday, May 1, for those laggard motorists who haven't complied with the law..

By the way of reminder. 683 tardy motorists were bauled into court and paid fines for failing to get their stickers last time.

Registrar Riley warns of jammed up inspection sta-tions late in April; get that sticker on early.

of Temple Emanuel in New-ton, received his education at the New York University and the University of Min-nesota. Dr. Gordon has been active in civic and Jewish affairs and was recently ap-pointed a member of the Board of Governors of the Boston University Human Relations Center. He is the author of "Jews in Transi-tion" which was hailed by critics as a most important contribution to the sociological knowledge of American Jewish community life, and his most recent work is "Jews in Suburbia".

The speakers will be introduced by Mrs. Francis J. Flagg, noted lecturer and organizer of Celebrity Breakfasts and Lunches in Newton.

Special invitations have been sent to all public officials — State legislators, Mayor Gibbs, members of the Board of Aldermen and the School Committee - and to the heads of community organizations. The public will also have a chance to meet many other Newton notables who have been invit-ed to attend the tea, including Mrs. Martha B. Humphrey, Dr. Hugh Robinson, Francis Dahl, Edgar N. What Is An American? (Reprinted by Request)

He yells for the government to balance the budget and then takes the last dime he has to make the down payment on his car.

He whips the enemy nations and then gives 'em the shirt off his back. He yells for speed laws that will stop fast driving, and

then won't buy a car if it won't make 100 miles an hour. An American gets scared to death if we vote a billion dollars for education but he's cool as a cucumber when he finds out we're spending three billion dollars a year for smok-

He gripes about the high prices of the things he has to buy but gripes still more about low prices of things he has

He knows the line-up of every baseball team in the American and National Leagues -and doesn't know half the words in "the Star Spangled Banner."

An American will get mad at his wife for not running

An American will get mad at his wife for not running their home with the efficiency of a hotel, and then he'll get mad at the hotel for not operating like a home.

He'll spend half a day looking for vitamin pills to make him live longer—then drive 90 miles an hour on slick pavement to make up for the time he lost.

An American is a man who will fall out with his wife over her cooking and then go on a fishing trip and swallow half-fried potatoes, burnt fish and gritty creek water coffee made in a rusty gallon bucket—and think it is good.

An American will work hard on a farm so he can move

into town where he can make more money so he can move back to the farm.

When an American is in his office he talks about baseball, football or fishing-when he is out at the games or on the creek bank, he talks about business.

He is the only fellow in the world who will pay 50 cents to park his car while he eats a 25-cent sandwich. An American likes to cuss his government; gets fighting mad if a foreigner does it

We're the country that has more food to eat than any other country in the world and more diets to keep us from

we're the most ambitious people on earth, and we run from morning until might trying to keep our earning power up with our yearning power.

We're supposed to be the most civilized, Christian nation

on earth, but still can't deliver payrolls without an armored In America we have more experts on marriage than any

other country in the world—and more divorces.

But we're still pretty nice folks. Calling a person "a real American" is the best compliment we can pay him. Most of the world is itching for what we have -but they'll never have it until they start scratching for it the way we did.

Bach Program To Feature Lenten Service On Sunday Rev. John O. Fisher will in- | in singing the Bach Motet

troduce the program of sacred music at the Unitarian Church in West Newton when the chorus choir presents its Lenten concert Sunday afternoon, April 3, at four o'clock, featuring a Motet and a Cantata by J. S. Bach. Mr. Fisher will tell the story of the Bach compositions, including the composer's reasons for producing them.

The participating musicians have an all-Newton flavor, in-cluding several teachers. Mr. James H. Remley, guest conductor, is Director of Music in the Newton Public Schools. Irene W. Forte and Mary Scipione, violinist, is an outstanding student at the same school. Frances Steiner, cellist, teaches at Warren Junior High; and Raymond Smith, tenor soloist, teaches at Weeks. Dr. Kenneth LeBaron, violinist, Americo Astolfi, violist, and Richard Summers, oboist, complete the instrumental ensemble which will accompany the

Soloists in addition to Mr. Smith, who sings also at Saint Paul's Cathedral, are Enid Layton, soprano, and Virginia Chace Wyeth, contralto, who have sung with the Unitarian choir for many years. Stephen Dimmock, baritone, is soloist at the Union church in Waban. The soloists will be featured in the Bach Cantata "Sleepers, Wake" and will join the choir "Jesu, Priceless Treasure".

Three concert anthems complete the program. "I Waited For The Lord" from the cantata "Hymn of Praise" by Mendelssohn includes a duet for soprano and contralto, sung by Enid Layton and Virginia Wyeth, "Sanctus et Benedictus" from the "Saint Cecilia Mass" by Gounod has two solo parts. The tenor solo in the 'Sanctus' is sung by Raymond Smith, and the soprano solo in the "Benedictus" is sung by

Betsy Close.

The concert is free to the public and no collection will be taken. The church contributes this Lenten program of religion in music to the com-

Tenth Team In Newton Twi League

Plans for the 1960 Babe Ruth division of the Newton Twilight League Program were discussed at a league meeting held recently at the Newton Co-operative Bank Building.

Officers for the coming rear are: president Charles H Cosgrove of West Newton; vice president, A. G. "Ernie" Asaff of Auburndale; treasur er, James MacLean of New-Highlands; secretary, Richard Keil of West Newton

The league is expanding from nine to 10 teams this year. The new entry will be from the Oak Hill Village section of the city, and will be known as the Oak Hill

Through the efforts of Jay Gordon of Newton Centre who will coach this new entry, the boys from Oak Hill now will have an opportunity to par-ticipate in the program.

Heifers By Air

A film showing a shipment of heifers by air from Boston to Iran last November will highlight a meeting of the Pilgrim Fellow-ship and Social Action Committee of Eliot Church, New ton, on Sunday, April 3, at

6 p.m. The meeting is sponsored to arouse interest in the congregation to raise funds toward shipment of heifers to refugee families in West Germany this summer. Rev. Dr. Joseph MacDonald of Waban, who accompanied a shipment of helfers to West Germany in 1957, will speak on his experiences in this practical world friendship interfaith project.

Social Science Club Of Newton

Charles D. Merrill, chairman of the department of sciences at Newton Junior High chool. will be the guest speaker before the Social Science Club of Newton next Wednesday April 6, at the Hunnewell Club at 10 a.m.
